What to know about

ENVIRONMENTAL PACKAGING

Dear Business Partner,

nowadays everyone knows the importance of adopting an eco-friendly vision in business.

Since Vibiplast has always been committed to protect and preserve the environment, with the beginning of the new year we have decided to improve our attention on waste and its disposal.

Through this document you will find information regarding the type of material and the alphanumeric coding of our packaging and materials used for the transportation of products.

We truly believe that the sum of many small actions can make a difference.

HALOGEN FREE FLAME RETARDANT (HFFR)

Big Bags

Packaging Type	Material	Alphanumeric coding
Big Bag	Polypropylene	PP 5
Aluminium bag (placed inside the Big Bag)	Coupled barrier (Plastic + Aluminium)	C/HDPE 90
Cardboard sheet (placed between the pallet and the Big Bag)	Corrugated cardboard	PAP 20
Pallet	Wood	FOR 50
<i>Extra:</i>		
- Big Cap	Low-density polyethylene	LDPE 4
- Transparent stretch film	Low-density polyethylene with linear addition	LDPE 4

Aluminium Bags

Packaging Type	Material	Alphanumeric coding
Aluminium Bag	Coupled barrier (Plastic + Aluminium)	C/LDPE 90
Cardboard sheet (placed between the pallet and the bags)	Corrugated cardboard	PAP 20
Transparent stretch film	Low-density polyethylene with linear addition	LDPE 4
Pallet	Wood	FOR 50

PVC

Bags

Packaging Type	Material	Alphanumeric coding
Bag	Low-density polyethylene	LDPE 4
Cardboard sheet (placed between the pallet and the bags)	Corrugated cardboard	PAP 20
Transparent stretch film	Low-density polyethylene with linear addition	LDPE 4
Pallet	Wood	FOR 50

Octabin

Packaging Type	Material	Alphanumeric coding
Octabin	Corrugated cardboard	PAP 20
Plastic Bag (placed inside the Octabin)	Low-density polyethylene	LDPE 4
Cardboard sheet (placed between the pallet and the Octabin)	Corrugated cardboard	PAP 20
Transparent stretch film	Low-density polyethylene with linear addition	LDPE 4
Pallet	Wood	FOR 50

Big Bags

Packaging Type	Material	Alphanumeric coding
Big Bag	Polypropylene	PP 5
Cardboard sheet (placed between the pallet and the Big Bag)	Corrugated cardboard	PAP 20
Pallet	Wood	FOR 50
	Plastic	PP 5
<i>Extra:</i>		
Big Cap	Low-density polyethylene	LDPE 4
Transparent stretch film	Low-density polyethylene with linear addition	LDPE 4
Big Cap (placed inside the Big Bag)	Low-density polyethylene	LDPE 4

Aluminium Bags

Packaging Type	Material	Alphanumeric coding
Aluminium Bag	Coupled barrier (Plastic + Aluminium)	C/LDPE 90
Cardboard sheet (placed between the pallet and the bags)	Corrugated cardboard	PAP 20
Transparent stretch film	Low-density polyethylene with linear addition	LDPE 4
Pallet	Wood	FOR 50

RUBBER

Boxes

Packaging Type	Material	Alphanumeric coding
Carton Box	Corrugated cardboard	PAP 20
Transparent stretch film	Low-density polyethylene with linear addition	LDPE 4
Pallet	Wood	FOR 50

Big Bags

Packaging Type	Material	Alphanumeric coding
Big Bag	Polypropylene	PP 5
Cardboard sheet (placed between the pallet and the Big Bag)	Corrugated cardboard	PAP 20
Pallet	Wood	FOR 50

POLYMERBOUNDS

Boxes

Packaging Type	Material	Alphanumeric coding
Carton Box	Corrugated cardboard	PAP 20
Black bag (placed inside the Boxes)	Low-density polyethylene	LDPE 4
Cap sheet	Low-density polyethylene	LDPE 4
Transparent stretch film	Low-density polyethylene with linear addition	LDPE 4
Pallet	Wood	FOR 50
	Plastic	PP 5

Bags

Packaging Type	Material	Alphanumeric coding
Bag	Low-density polyethylene	LDPE 4
Cap sheet	Low-density polyethylene	LDPE 4
Transparent stretch film	Low-density polyethylene with linear addition	LDPE 4
Pallet	Wood	FOR 50
	Plastic	PP 5

Big Bags

Packaging Type	Material	Alphanumeric coding
Big Bag	Polypropylene	PP 5
Big Cap	Low-density polyethylene	LDPE 4
Transparent stretch film	Low-density polyethylene with linear addition	LDPE 4
Pallet	Wood	FOR 50
	Plastic	PP 5

RAW MATERIALS / ADDITIVES

Bags

Packaging Type	Material	Alphanumeric coding
Bag	Low-density polyethylene	LDPE 4
Transparent stretch film	Low-density polyethylene with linear addition	LDPE 4
Pallet	Wood	FOR 50
<i>Extra:</i>		
Cardboard sheet (placed between the pallet and the bags)	Corrugated cardboard	PAP 20

Multilayer bags

Packaging Type	Material	Alphanumeric coding
Multilayer bag	Paper and cardboard+ Plastic	C/PAP 81
Transparent stretch film	Low-density polyethylene with linear addition	LDPE 4
Pallet	Wood	FOR 50
<i>Extra:</i>		
Cardboard sheet (placed between the pallet and the bags)	Corrugated cardboard	PAP 20

Boxes

Packaging Type	Material	Alphanumeric coding
Box	Corrugated cardboard	PAP 20
Black bag (placed inside the Boxes)	Low-density polyethylene	LDPE 4
Cap sheet	Low-density polyethylene	LDPE 4
Transparent stretch film	Low-density polyethylene with linear addition	LDPE 4
Pallet	Wood	FOR 50
	Plastic	PP 5

At your disposal for further information.

Best Regards

VIBIPLAST S.r.l
